ABOUT

POPP (Public Outdoor Ping Pong) was founded in Perth in 2010.

With over 500 installations nationally, the company supplies its locally manufactured range of outdoor ping pong tables to councils, schools, universities and developers throughout Australia and New Zealand.

With a passion for ping pong, POPP is dedicated to creating active outdoor spaces that engage, inspire and benefit both communities and individuals.

Outdoor Ping Pong for Schools...

SPONTANEOUS ACTIVE PLAY

POPP outdoor ping pong tables are weatherproof and permanent for year-round use. Their fixed net and equipment holder (for racquets and balls) provide opportunities for spontaneous active play and unstructured recreation - before, during and after school.

EXERCISE IN DISGUISE

Ping pong is infectiously fun - 800 million players agree! But it's also a sport that is deceptively physical - think bursts of energy, aerobic exercise, improved reflexes and increased core strength.

NO GENDER BOUNDARIES

While ping pong is played in nearly as many countries as soccer(!), its small table size and light racquets create a level playing field across genders. This is a game where power is matched equally by creativity, spin and tactics.

A MIND BOOSTER

Outdoor ping pong might feel like a fun break from the classroom - but the game actually develops neuromuscular skill and decision making, increases concentration and improves tactical strategy for players.

A POP(P) OF COLOUR

Choose your own colour for the HERO and ICON tables to create an iconic feature for the school or apply student-led DIY artwork or a school emblem for a truly custom table!

FOR THE SPORTY AND NOT-SO-SPORTY

Ping pong (aka table tennis) is universally enjoyed. At the heart of its appeal is its 'pick up and play' nature - where age, ability, and skill level are no barrier to having a game.

TESTIMONIALS

“The table is a great asset to our playground and is enjoyed by our students each lunchtime and by the 170 students who attend after school care each day.”

- ANGELA HELSLOOT, PRINCIPAL, ALLAMBIE HEIGHTS PUBLIC SCHOOL

“We had a lot of fold up tables spread across ... our large campus, but their capacity to stand up to the level of use and exposure to the elements was pretty limited. The POPP [HERO] tables not only honoured the students’ interest by offering a long-term commitment to the facilities they needed, they also gave us a more robust option as well as a really visually appealing addition to our built environment.”

- ADAM PENGELLY, ASSOCIATE PRINCIPAL, SHENTON COLLEGE

“The ping pong table is an amazing structure that truly is a stunning piece of art. The students are loving it!”

- KAREN WEDEMEYER, FINANCE OFFICE, PERTH MODERN SCHOOL

“The POPP table has been fantastic for the students, they are often using it after school as well as during recess and lunch time. My only issue is that it looks like I need to buy at least two more to cater for the demand.”

- DAVID CAUGHT, ASSISTANT PRINCIPAL, HALLAM SENIOR COLLEGE

“[The tables have] created a place to socialise in a friendly setting over a game ... during recess, at lunch and even after school. The accepted Applecross rule is playing first to three points and the winner stays on for the next match. This gives quick and rapid change overs so that everyone gets a turn to play. And with the addition of two new tables, it has definitely given more people the opportunity to participate and play table tennis. I can see that it has brought lots of joy for a lot of people in our school!”

- ANDREW LIM, DEPUTY HEAD BOY, APPLECROSS SENIOR HIGH SCHOOL

HERO

A bold, beautiful and incredibly tough schoolyard HERO.

ICON

A contemporary urban ICON with industrial strength.

LOCAL

A robust, no-fuss, traditional LOCAL.

MADE IN AUSTRALIA

Designed and manufactured in Australia.

FIXED STEEL NET + EQUIPMENT HOLDER

For spontaneous play and all-day accessibility, each POPP table includes a fixed net and equipment holder for racquets and balls.

STEEL FOR OPTIMUM DURABILITY + PLAYABILITY

Steel provides the ultimate playing surface and the strongest tables on the market.*

CHOICE OF COLOURS

Choose from the POPP colour ranges to make your HERO or ICON your own.

ALL-WEATHER SURFACE TREATMENT

Industrial standard, exterior surface treatments and materials make POPP tables ready for any and all weather.

AWARD-WINNING DESIGN

POPP tables have received numerous accolades for their minimal and modern designs.

PERMANENT OUTDOOR APPLICATION**

The HERO and ICON tables are made for year-round use, permanent installation and all weather and climatic conditions.

SIMPLE SELF-ASSEMBLY + ANCHORING

All POPP tables are securable. The ICON and LOCAL tables require assembly by the customer - a simple 1 hour process.

2.74m X 1.525m X .76m H

POPP tables are competition size and meet the International Table Tennis Federation specifications.

PROTECTIVE PACKAGING

Receive your POPP table with confidence in protective packaging.

DIY ARTWORK READY

The HERO and ICON tables are the perfect canvas for student-led DIY Artwork. Transform your table into a unique work of art on site.

5 YEAR STRUCTURAL + 2 YEAR SURFACE TREATMENT WARRANTY***

The HERO and ICON tables are backed by our 5 + 2 year limited warranty.

HERO

A bold, beautiful and incredibly tough outdoor ping pong table, the HERO is the 'flagship' of the POPP range.

A near-on indestructible and iconic table for parks, open spaces, retail and commercial precincts, schools, campuses and health facilities, the HERO empowers schools and communities with an engaging, active and customisable placemaking tool.

The LOCAL requires assembly and anchoring on site by the customer. Assembly Guidelines are supplied with the table for simple self-assembly and anchoring.

Each POPP Table is delivered with a complimentary starter pack that includes 4x weatherproof racquets and 12x 3 star equivalent balls.

SCHOOL + STUDENT-LED ARTWORK

In 2010, POPP pioneered the concept of Public Playable Art - artwork, illustration and typography on the playing surface of a ping pong table. Since then, 'artworked' outdoor ping pong tables have generated a multitude of cultural, place, social and economic benefits for communities, and more recently schools.

Designed for DIY (Do It Yourself) Artwork, the HERO and ICON tables can have artwork or school emblems or mottos applied to their surfaces (once off or yearly). DIY Artwork is applied or coordinated by the school onsite after delivery, through student artists, inhouse designers or local signwriters. All relevant information, guidelines and checklists for DIY Artwork preparation and application are included in the DIY Artwork Information document - available upon request.

ENGAGES STUDENTS' CREATIVITY

DEVELOPS ART SKILLS

ENGENDERS STUDENT OWNERSHIP OF THE SPACE

CREATES VIBRANCY IN THE SCHOOLYARD

OFFERS ONGOING ARTWORK OPPORTUNITIES

OFFERS AN OPPORTUNITY FOR SCHOOL EMBLEMS OR BRANDING

HEALTH + WELLBEING

Ping pong is both a brain game and incredibly physical. Featuring a fast-paced mix of aerobics, strategy and hand-eye coordination, ping pong combines both physical and mental exercise to achieve the ultimate in health and fitness for students:

Ping pong is a low-impact sport that improves leg, arm and core strength without the high risk of injuries.

The game is defined by bursts of exertion and recovery meaning it's a high calorie burner.

Ping pong increases hand-eye coordination, balance, mental alertness, reflexes, concentration and tactical strategy.

Ping pong generates social inclusivity and positive interactions between different groups and types of students on a daily basis - usually a feat more commonly seen on the sporting field (for those students who play sport).

Acute bouts of physical activity or exercise - typified by a healthy rally - have been shown to stimulate nerve growth and development in the brain.

Anticipating an opponent's shot engages the prefrontal cortex - a part of the brain used for strategic planning and decision making.

Outdoor ping pong increases participation in physical activity by students, which in turn enhances cognitive functioning, concentration and on-task behaviour in the classroom.

A game of ping pong increases blood flow to the brain, stimulating the hippocampus - the part of the brain responsible for forming and retaining long term facts and information.

SITE PLANNING

Prior to delivery of your POPP table, consider the following for your site:

1. TABLE DIMENSIONS AND PLAYING AREAS

There are two surfaces that must be considered when planning for a POPP table - the Playing Area Surface and the Anchoring Area Surface.

The Playing Area Surface is the playing space surrounding the table. The Anchoring Area Surface is the area directly in contact with each table's Secure Anchoring Footings which allows the table to be securely anchored.

2. PLAYING AREA SURFACES

Playing Area Surfaces can be new or existing. They are often (but not limited to):

- ✓ Concrete
- ✓ Asphalt
- ✓ Crushed granite
- ✓ Crushed limestone
- ✓ Compacted material
- ✓ Paving
- ✓ Soft-fall or recycled rubber surfaces
- ✓ Sand, gravel, clay or dirt surfaces

POPP recommends that Playing Area Surfaces be flat, level and hard-formed.

3. ANCHORING AREA SURFACES

POPP tables must be anchored using all available Secure Anchoring Footings.

Anchoring Area Surfaces:

- ✓ Can be new or existing
- ✓ Must be flat and level
- ✓ Must be hard-formed and
- ✓ Must be suitable for anchoring the table (as per the manufacturer's instruction and specifications for the anchoring mechanism)

The Playing Area and Anchoring Area Surfaces may be the same or different depending on the site, anchoring requirements and design of the space.

For more information about table orientation, surroundings, site preparation and anchoring, refer to the General Information document available upon request to info@popp.world
